RE: Serrano v NYC et al  
14-cv- 02183  
November 20, 2015.

Dear Judge Abrams:

I represent the plaintiff in this action for violation of his civil rights. I write this letter to respectfully inform the Court that I have received the settlement draft in this action and would like to withdraw my request for a pre-motion conference to enter a judgement against the City of New York as moot.

I thank Your Honor for your attention and consideration.
